Material Aspects:

ISE Mercury Options (MCRY):
GFI Securities LLC or “GFI” accesses the US options exchanges on this report via Dash Financial Technologies or otherwise known as consolidator which route our orders to exchanges for execution on an agency basis. Consolidators charge a commission rate for certain products and services and will pass through net fees or rebates incurred to execute GFI orders on exchanges. The passed through rebates credits or billing adjustments from Consolidators reduce our overall costs of execution services and from time to time may exceed the cost of such execution services. When accessing the exchanges via Consolidator relationships, GFI may receive an indirect beneft by receiving preferential exchange rates belonging to the Consolidator and these rates are therefore refected in our Net Payments for this report. Depending on its overall trading activity, the Consolidator may receive better volume-based rates including placement in preferential rate tiers on an exchange fee schedule. For clarity, GFI is not party to the payment arrangements between the Consolidator and the Option Exchanges and is only privy to transaction rates the Consolidator offers and discloses to GFI on transaction and billing reports. More detail about exchange fees rebates and volume tiers may be available on the 606 quarterly report published by the Consolidator.

For clarity, GFI is not party to the payment arrangements between the Consolidator and the Option Exchanges and is only privy to transaction rates the Consolidator offers and discloses to GFI on transaction and billing reports. More detail about exchange fees rebates and volume tiers may be available on the 606 quarterly report published by the Consolidator.

MIAX Emerald, LLC. (EMLD):
GFI Securities LLC or “GFI” accesses the US options exchanges on this report via Dash Financial Technologies or otherwise known as consolidator which route our orders to exchanges for execution on an agency basis. Consolidators charge a commission rate for certain products and services and will pass through net fees or rebates incurred to execute GFI orders on exchanges. The passed through rebates credits or billing adjustments from Consolidators reduce our overall costs of execution services and from time to time may exceed the cost of such execution services.
