

FMN has prepared this report in accordance with U.S. Securities and Exchange Commission Exchange Act Rule 606 that requires broker/dealers to make public, quarterly reports containing certain information on their order routing practices. This report provides information on the routing of "non-directed orders" which is generally defined as any order that the client has not specifically instructed to be routed to a particular venue for execution. This report also discloses the nature of the broker-dealer's relationship with these venues, including the existence of any internalization or payment for order flow arrangements. Finally, broker-dealers are required to disclose, upon customer request, where they routed a customer's individual order for execution.
