Material Aspects:

Instinet, LLC (INCA):
MFG routes orders to various exchanges, alternative trading systems, including electronic communications networks, and other market centers, including other broker-dealers. Certain market centers offer cash credits for orders that provide liquidity to their books and charge explicit fees for orders that extract liquidity from their books. Periodically, the amount of credits that MFG receives from one or more such market centers may exceed the amount that MFG is charged. Several Exchanges have adopted a maker taker market structure, in which exchange members are charged for orders that take liquidity from the exchange and receive a rebate for orders that provide liquidity to the exchange. The charges imposed or rebates offered by these exchanges affect the total cost of execution. The source and amount of any compensation received by MFG in connection with any transaction for your account is available upon written request.
